TOWN WARRANT.

STATE OF NEW HAMPSHIRE

To the Inhabitants of Meredith Qualified to Vote in Town Affairs:

You are hereby notified to meet at the Town Hall, in said town, on the second Tuesday of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To bring in your ballot for Town Clerk, three Selectmen, Treasurer, two Auditors, Collector of Taxes and Police Officer.
2. To choose all other necessary Town Officers for the year ensuing.
3. To raise such sums of money as may be necessary for the support of schools, and to defray the expense of outside tuition as required by law.
4. To raise such sums of money as may be necessary for repairs of highways and bridges, and specify how the same shall be laid out.
5. To raise such sums of money as may be necessary for town charges.
6. To see what sum of money the town will vote to raise to defray the expenses of Memorial Day.
7. To see what sum of money the town will vote to raise for the use of the town library.
8. To see what action the town will take relative to leasing the Town Hall.
9. To see what sum of money the town will vote to raise for the support of firemen and the protection of property in Meredith Village fire district.
10. To see what sum of money the town will vote to raise for the payment of outstanding notes against the town.

11. To see what action the town will take in relation to the new road law, so-called, and if its requirements be adopted, to raise money therefor.

12. To see what action the town will take for the extermination of the browntail and gipsy moths, and raise money therefor.

13. To see if the town will vote to purchase some fire apparatus not to exceed three hundred dollars, said fire apparatus to be placed at Meredith Center, and raise money therefor. By petition.

14. To see if the town will vote to require the Boston & Maine railroad to erect and maintain gates at the highway crossing near the Meredith station. By request.

15. To see what action the town will vote take in regard to repairing the Town Hall, and raise money therefor. By petition.

16. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-second day of February, 1908.

At the last meeting of the town it was voted to raise \$1000 for the payment of outstanding notes; also a vote was taken to purchase a stone crushing plant, appropriating \$700 for the purpose and issuing town notes for the balance. As we were paying four and one half per cent interest on the outstanding notes and the crusher plant notes were bearing interest at six

per cent, your Selectmen deemed it advisable to pay for the crusher in full, believing that this action would meet with the approval of their townsmen.

Report of Trustees of Meredith Public Library.

An increase in the annual appropriation for the Library has made possible its opening for an additional day, and its extension of hours on regular days, so that it is now open fifteen hours a week, or twice as long as formerly. This arrangement has steadily grown in favor, as the increased circulation over last year testifies.

Books are sent monthly to Meredith Center, where there are twenty-two different patrons.

When the Major E. E. Bedee legacy becomes available it will be possible to add substantially to departments of the library which are now weak, and it is hoped that many needed improvements may be made in different directions. The generosity which provided for this gift will be a source of profit and pleasure to readers for all time and cannot be too highly praised and appreciated.

Other friends have remembered the library in various ways. Mrs. H. R. Erskine replaced the photograph of the late Rev. J. S. Erskine by a much finer one. Mrs. Eva Rand presented a handsome bird, finely mounted and protected by a glass case, with table. Mrs. Anna Pratt and Mrs. Wm. Walker each gave a good book. The circulation of books for the year is 8,876.

Eighteen volumes have been presented to the library and one hundred and twenty-four books have been added by purchase.

Respectfully Submitted,

F. H. Smith, Pres.,
Sarah M. Noyes, Treas.,
Lillian Wadleigh, Sec.,
Aaron S. Clough,
Andrew L. Felker.

REPORT OF TOWN SCHOOL BOARD.

To the Selectmen of the Town of Meredith :

We hereby submit to you our annual report for the year ending February 15, 1908 :

Eight schools have been maintained by the District and the following teachers have been employed :

No. 2, Mary E. Pike and Timothy McCarty.

No. 3 and 4, Lettie B. Mead.

No. 6, Timothy McCarty and Barbara E. Smith.

No. 8, Ada B. Burleigh.

No. 9 and 10, Anna M. Hopkins.

No. 11, Mary E. Smith and Rachel G. Smart.

No. 13, Ruth M. Flanders.

No. 16 and 17, Stella Thomas.

We are glad to report that we have been able to lengthen the school year to thirty weeks, and we hope this will prove to be a precedent and that the district will provide the means whereby the schools may be run on a thirty week basis in the future.

In accordance with the vote passed at the last annual school meeting, providing a supervisory district, your school board have united this district with Meredith Special, Ashland Special, and the town of Holderness, and have secured the services of Mr. Samuel A. Burleigh as superintendent.

Mr. Burleigh comes to us very highly recommended, being a graduate of Colby University and having had eleven years'

experience as teacher and superintendent. In the opinion of the board, the district is fortunate in securing a man who so thoroughly understands his business.

It is obvious that in the short time he has been with us it is impossible to note great improvements, yet one can see that a good foundation has been laid, and with the co-operation of the teachers which has been given, there is no reason why our schools in a short time will not rank with other schools in the state that enjoy the benefits of expert supervision.

Considering the shortage in the teaching force in the state, it is fast becoming a great problem to find a sufficient number of good teachers for the schools at the price we are now paying, \$7.00 per week.

Report of Special School District.

To the Selectmen of the town of Meredith :

The Board of Education of the Special School District No. 5 respectfully submit the following report :

Under the direction of the Superintendent, the schools are doing more and better work this year than ever before.

It will perhaps be advisable to withhold promotion from some entire grades this year in order to raise the standard to that of good schools elsewhere.

Too many grades in the primary room and consequent lack of sufficient individual instruction for pupils who cannot be expected to do much work without the teacher's constant oversight, is a serious mistake. By closer correlation of studies, elimination of the unpractical and doing more thorough work, we shall be enabled to do away with the ninth grade. This will give two grades in the primary and three in each of the next two rooms.

English and arithmetic are given much more time than any other studies and yet the schools are justly criticized because many young people complete the work of the grades without acquiring the ability to write the letters or solve the problems of ordinary business.

The recognition of a fault is the first step necessary to its correction. A word follows concerning the remedy being applied by the superintendent :

First, Reading—intelligent thought inspiring reading—is made the important study of the lower grades by methods that will make pupils self reliant and independent. The judicious

use of supplementary reading leads up to the studies of history and geography in such manner as to enhance the child's interest and power to master those subjects in the briefest possible time.

The correlation of the different studies so that reading, writing, spelling, history, geography, etc., shall continually supplement one another not only saves time but produces better results.

The absolute mastery of the essentials of arithmetic in the lower grades, so that pupils are able to perform the fundamental processes—addition, multiplication, etc., without waste of time and thought, will save an incalculable amount of time and will enable them to concentrate the attention on the difficult phases of the problems in hand.

The teachers this year are working faithfully and efficiently. Several years of such work will give the Meredith schools a high standing and become an incentive of no little importance in bringing desirable citizens to our town. The high school, under Mr. Royal P. Richardson, is doing excellent work. Here, perhaps, more than elsewhere, we see the evil effects of inefficiency last year.

SUPERVISION.

Soon after the last annual meeting the District united with the Town District, Ashland Special and Holderness Districts to form a supervisory district. We believe the result has been beneficial.

It is evident that a professional superintendent, giving his whole time and attention to the business of school management, can attend to the work better than members of the school board, who are busy about their own affairs and for a nominal salary can give only odd times to visiting schools and attempting to direct the work. The responsibility has been so divided and the teachers left so much to their own devices that uniform and substantial progress has not always been made and cannot be expected under such conditions.

We consider the district fortunate in securing for Superintendent Mr. Samuel A. Burleigh, who has had ample experience in this line of work. He has proved to be a man of sound practical judgment, who has not insisted on radical changes so much as constant improvement.

Through his efforts we believe better work is being done by both teachers and scholars, and the additional expense to the district is small in comparison to the benefits derived from the expenditure,

BERTRAM BLAISDELL, Chairman,
 F. L. HAWKINS, Treasurer,
 EDWIN C. MANSFIELD, Secretary,
